FUND OVERVIEW

Tata Equity Savings Fund is an open ended equity scheme. The investment objective of the scheme is to provide long term capital appreciation and income distribution to the investors by predominantly investing in equity and equity related instruments, equity arbitrage opportunities and investments in debt, commodity derivatives and money market instruments. The fund seeks to address short term (< 3 Years) investment needs of investors with a investment proposition with lower volatility.

POSITIONING OF THE FUND

Tata Equity Savings Fund is less riskier than equity funds since it has limited exposure to unhedged equity i.e. upto 20%. Significant portions of the fund will be invested in debt, commodity derivatives and equity arbitrage opportunities. Combination of limited unhedged equity exposure with arbitrage and short-term investment option with risk profile between short term fixed income and an aggressive Hybrid Fund.

BENEFITS OF INVESTING IN THE FUND

Lower Volatility

Lower volatility compared to other equity funds due to a 20% cap on net long equity exposure.

Accrual Income
 Predominant component of the portfolio would be invested in Short Term Debt & Arbitrage opportunities.

Growth Potential

Potential for capital appreciation through moderate participation in net long equity exposure.

Tax Efficient Returns
 It offers tax efficiency in the form of equity taxation.
